defenderData™ Prime represents our best and most highly utilized features. Offices of all sizes can now take advantage of the data collection standards and efficiencies of the largest defender organizations in the Country.

Pricing options for defenderData™ Prime:

- No license, startup, or up-front fees.
- No term commitment – cancel at any time.
- First 30 days are free (for workload/time study projects, use of the system is free for the duration of the study) – add as many cases as you want at no cost. This is a great time to load historical and active cases into defenderData.
- **Option 1: Per Case Pricing Option**
  - Ongoing cost is \$2 for each new case added to the system.
    - A “case” is defined as a single defendant and any number of charges resulting from a single arrest or a single incident date. Probation violations are separate cases.
    - No user fees - Add as many users as you’d like.
- **Option 2: Per User Pricing Option**
  - Ongoing cost is \$25 per month per user
    - A “user” is defined as a distinct individual with access to defenderData.
    - Unlimited case creation.
- System carries a \$50 per month minimum per organization or firm under either pricing option.
